LGV Apprenticeship – Class 2 Driver

Location: Exeter, Devon

Salary after qualification: £14.20ph, 45hr per week (£33,228.00 base) (x1.5 overtime, and weekly bonus of £20)

Start your driving career with System Six Kitchens!

With over 45 years of experience, System Six Kitchens is a proud family-run manufacturer and retailer of high-quality, bespoke kitchens and bedrooms. We're expanding our Transport Team and looking for motivated individuals to join us as an LGV (Large Goods Vehicle) Apprentice — training to become a fully qualified Class 2 Driver.

This isn't just a driving job. It's about representing our brand, providing an exceptional service to customers, and being the friendly, professional face of our company. You'll learn every part of the delivery process — from loading and route planning to customer interaction and vehicle safety — while working alongside experienced drivers.

What You'll Learn and Do

- Deliver kitchens to homes and sites (a physically active and hands-on role)
- Learn how to safely load and unload goods as part of a two-person crew
- Carry out daily vehicle checks and maintain vehicle cleanliness
- Communicate with customers regarding estimated delivery times and confirmations
- Understand and apply EU Drivers' Hours and Working Time Regulations
- Quality check deliveries and report any issues to our factory team
- Build skills in customer service, teamwork, and time management

What We're Looking For

- A genuine interest in a driving career and logistics
- Excellent communication and teamwork skills
- A strong work ethic and attention to detail
- Flexibility with working hours (5 days out of 7, typically Monday–Friday with occasional Saturdays during peak times)
- A high standard of health and safety awareness
- A full UK driving licence is desirable but not essential — training will be provided

Why Join Us?

- Earn while you learn with a nationally recognised LGV Class 2 qualification
- Hands-on experience in a professional, supportive environment
- Opportunity for a long-term driving career with System Six Kitchens
- Become part of a friendly, family-run business with a great team culture

How to Apply

Ready to kickstart your career on the road?
Send your CV and a short cover letter to steve@transplantltd.co.uk telling us why you'd like to join System Six Kitchens as an LGV Apprentice.
